

with max. **12** suction pads:
- **900 kg** load capacity 150K
- incl. extension

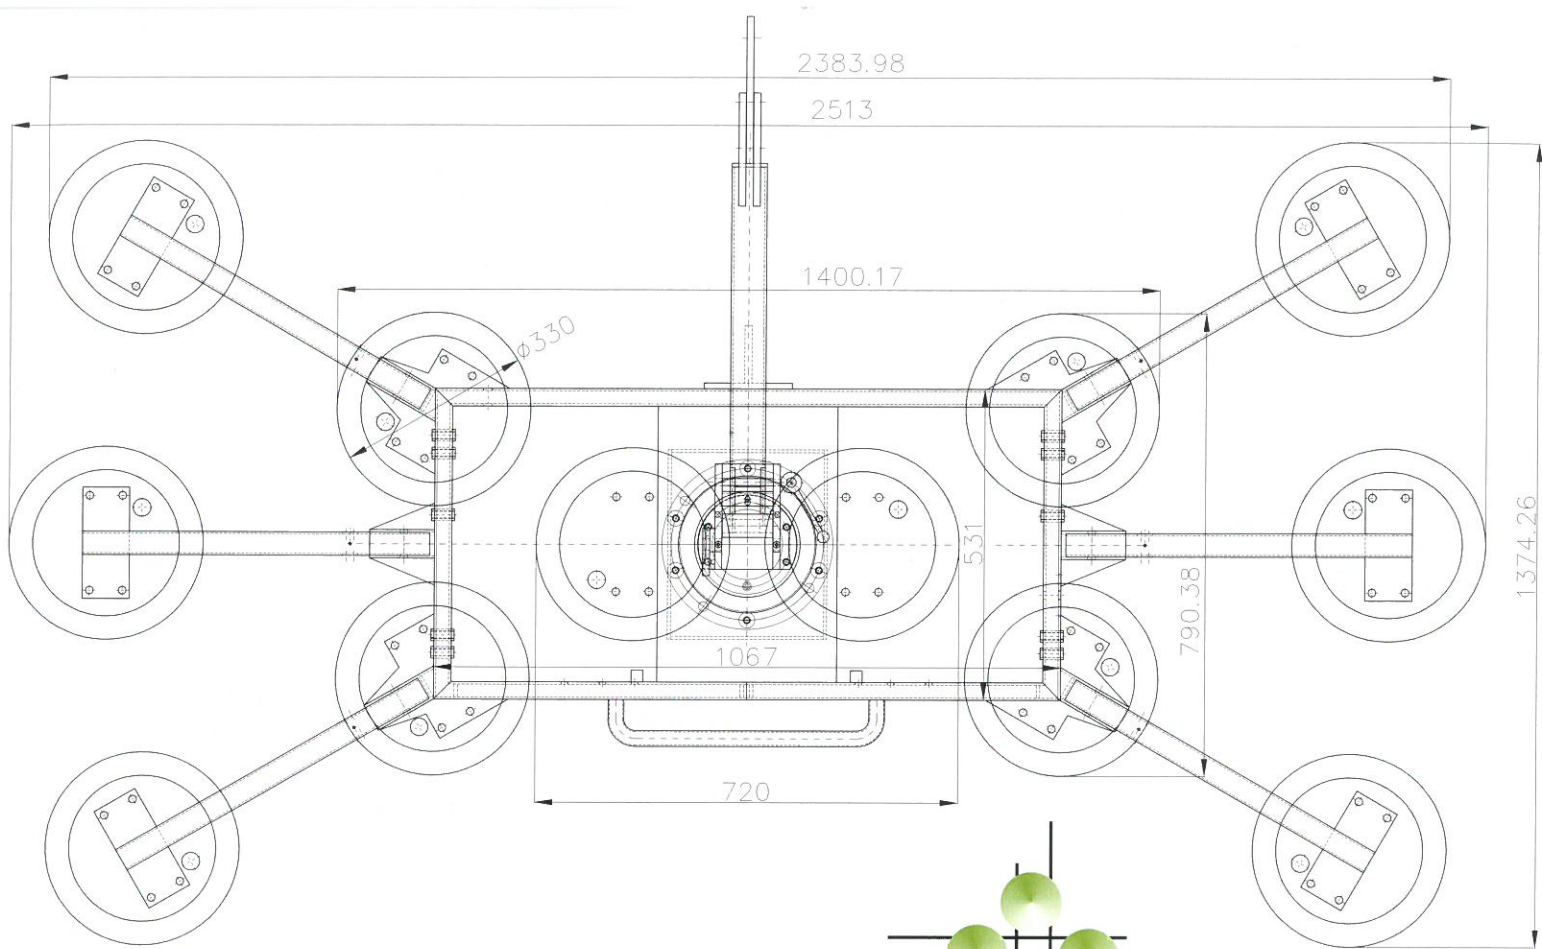

Technical data:

- 12 V battery operated
- dual circuit suction system
- charging device + mains operated
- voltage display
- vacuum tank
- quick release function
- hydraulic lowering cylinder
- manual rotation 360°
- manual tilting 90°
- dead weight: max 140 kg
- load capacity:
450 / 600 / 750 / 900 kg

with max. **6** suction pads:
- **450 kg** load capacity 150K
- incl. extension
